Instalasi Android Virtual Device

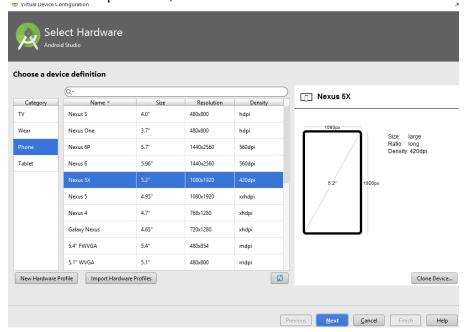

#Pastikan PC/Laptop Anda Terkoneksi Internet

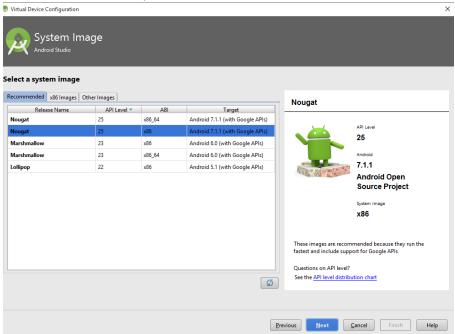

Pilih Create Virtual Device

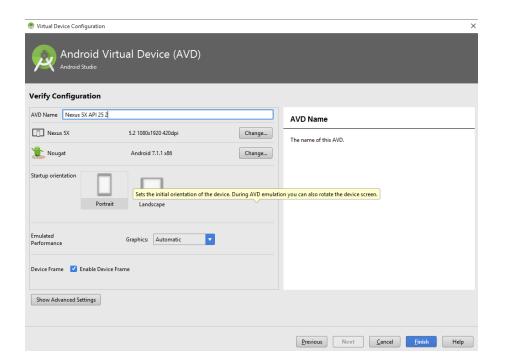

Pilih Device sesuai pilihan Anda, Next

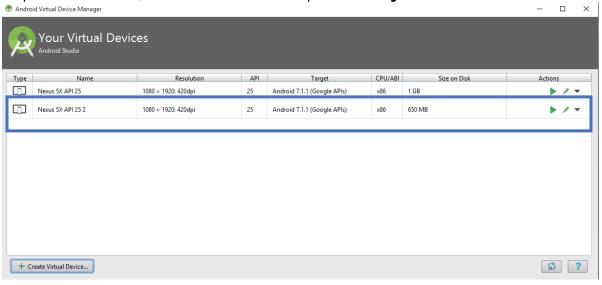

Pilih Sistem Operasi Device sesuai pilihan Anda. Jika ada pilihan download, pilih download. Lalu tunggu hingga proses download selesai. Kemudian, **Next**

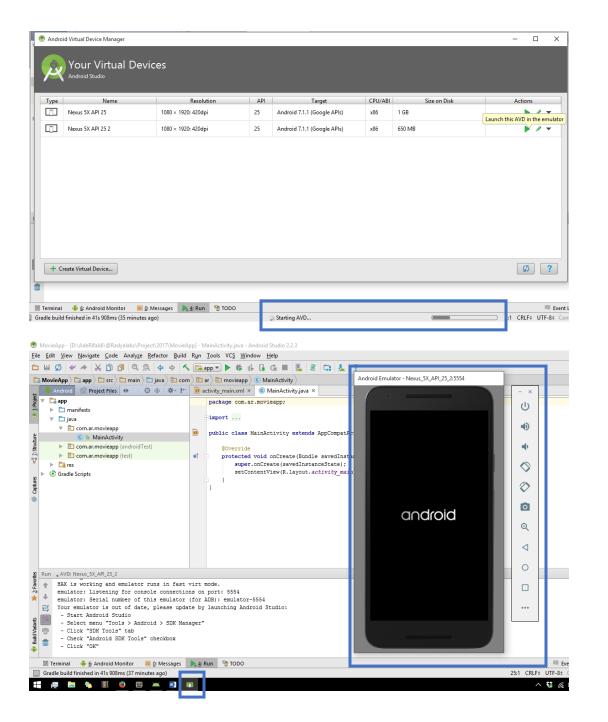

Jika pembuatan AVD selesai, maka AVD tersebut akan muncul pada **AVD Manager**.

Launch AVD

Tunggu proses booting selesai hingga muncul tampilan **Home** pada Android Emulator seperti berikut.
